ABOUT THE UNIVERSITY

National University of Study and Research in Law (NUSRL), Ranchi was instituted in the year 2010 by Act No. 4 of Jharkhand State Assembly. The University has subsequently been recognized by University Grants Commission (UGC) in September 2018 and Bar Council of India (BCI). The University envisions developing a holistic perspective of legal education in all its ramifications particularly advocacy, judicial and legal institutional services, legislation, law reforms and the research in these areas. It endeavors to incorporate various methods and techniques to help the students match the desired level of expectancy and achieve success in their careers, simultaneously adding quality to the professional sphere of legal practitioners in the nation.

ABOUT THE CENTER FOR CRIMINAL LAW

Center for Criminal Law was established in 2017 to study the contemporary issues and challenges in criminal law. Center for Criminal Law has been one of the most active academic societies in the area of criminal law in NUSRL. The Center provides to the future lawmakers and lawyers an opportunity to understand the depth of the criminal justice system and develop strategies to mitigate the threat to this system. Center promotes and encourages research in the field of criminal law and is constantly involved in organizing events in the said sphere of law.

ABOUT THE BOOK

IEA@150 is a book to mark the completion of 150 years of Indian Evidence Act, 1872. Science and technology has evolved so much that the means of commission of an offence is no more limited to the use of conventional ways of committing an offence. The cyber world has also seen drastic evolution leading to the enactment of the Information Technology Act, 2000. The mode of production of evidences in Court is also not the same anymore. Now, evidences may also be given in the form of electronic means. In present day, the personal information of people is no more personal. The data is used to commit different forms of crimes from a distant place. In 150 years the society has evolved so much that it has learnt different means of committing offences including means of destroying and preserving the evidences. The Indian Evidence Act, 1872 is considered as a masterpiece in itself as it has managed to survive the modern changes. The main objective of the book is to understand the working of the Indian Evidence Act since its enactment and to assess how far the legislation has achieved its purpose. The book will help students, research scholars, advocates, judges and teachers to have a panoramic view of the functioning and developments in the field of law of evidence.

The Center for Criminal Law has taken the initiative of inviting papers on the subject which will be published under the aegis of Center for Criminal Law, NUSRL, Ranchi.
